ABOUT US:

We, Queenadi Medical (Pty) Ltd, are a medical devices distributor, specializing in orthopedic implants. The company is owned by Ms. Emily Masango, who is a passionate and experienced professional in the field of orthopedic trauma implants, and the company has footprints in LIMPOPO (Crestcare Zoutpansberg Hospital), GAUTENG (Dr. George Mukhari Academic Hospital, Leratong Hospital, Thelle Mogoerane Regional Hospital, Louis Pasteur Private Hospital, Botshilu Private Hospital), NORTH WEST (Brits District Hospital, Medicare Private Hospital), and NORTHERN CAPE (Lenmed Kathu Private Hospital).

Queenadi Medical (Pty) Ltd was established in 2019, and with our motto "fixing broken bones is our priority," we import and supply good quality orthopedic implants to assist with the escalating burden of trauma cases in South African hospitals (both in the private sector & the public sector).

We have a dedicated team of experienced professionals, from our head office, warehouse staff, drivers, and to our field agents/representatives, who are available around the clock to assist orthopedic surgeons at hospitals in the best way possible. Our aim is to improve on every service we render, and for that reason we value feedback and recommendations from all our clients, which we use for quality improvement and training, for us to continue offering top quality services to all our clients.

(PTY) LTD**

WHY CHOOSE US:

- Fixing broken bones is our priority.
- Punctual and trustworthy.
- Customized services (every case is unique).
- 24hr service delivery across all our departments.
- Friendly, experienced & reliable staff.
- Hands on operating theater support personnel.
- Good quality implants and instruments from reliable & reputable international manufacturers.
- We make it our priority to find solutions for our surgeons with customized designs on some of our implants, following feedback received from surgeons that we forward to our manufacturers with recommendations.
